

What Makes Marketing Management the Marketing Leader? Marketing is of interest to everyone, whether they are marketing goods, services, properties, persons, places, events, information, ideas, or organizations. As it has maintained its respected position among students, educators, and businesspeople, Marketing Management has kept up-to-date and contemporary. Students (and instructors) feel that the book is talking directly to them in terms of both content and delivery. Marketing Management owes its marketplace success to its ability to maximize three dimensions that characterize the best marketing texts—depth, breadth, and relevance—as measured by the following criteria:

- **Depth.** Does the book have solid academic grounding? Does it contain important theoretical concepts, models, and frameworks? Does it provide conceptual guidance to solve practical problems?
- **Breadth.** Does the book cover all the right topics? Does it provide the proper amount of emphasis on those topics?
- **Relevance.** Does the book engage the reader? Is it interesting to read? Does it have lots of compelling examples?

The 14th edition builds on the fundamental strengths of past editions that collectively distinguish it from all other marketing management texts:

- **Managerial Orientation.** The book focuses on the major decisions that marketing managers and top management face in their efforts to harmonize the organization's objectives, capabilities, and resources with marketplace needs and opportunities.
- **Analytical Approach.** Marketing Management presents conceptual tools and frameworks for analyzing recurring problems in marketing management. Cases and examples illustrate effective marketing principles, strategies, and practices.
- **Multidisciplinary Perspective.** The book draws on the rich findings of various scientific disciplines—economics, behavioral science, management theory, and mathematics—for fundamental concepts and tools directly applicable to marketing challenges.
- **Universal Applications.** The book applies strategic thinking to the complete spectrum of marketing: products, services, persons, places, information, ideas and causes; consumer and business markets; profit and nonprofit organizations; domestic and foreign companies; small and large firms; manufacturing and intermediary businesses; and low- and high-tech industries.
- **Comprehensive and Balanced Coverage.** Marketing Management covers all the topics an informed marketing manager needs to understand to execute strategic, tactical, and administrative marketing
